North Scott Senior High School  
200 South 1st Street  
Eldridge, Iowa 52748

# The Shield

We have come together as one unbreakable whole, and triumphed in the face of opposition. Whether it be in sports, the arts, or our own lives, North Scott High School remains tightly knit despite all that is thrown our way.

We, as a student body, have dealt with a great number of trials throughout this long and difficult school year. While the future is

being built around us, many of us have had to make sacrifices or pay the price of progress. But that same student body must endure and hold fast to make room and welcome the next generation of freshmen, and the next, and every generation to follow in our steps. Each of us comes from a tangled history, full of complexities and truths known only by our hearts. Not one of us the same.

# Come Together

We all convey a different color, a different shade of human being. We then begin to bleed into one another to become something entirely different. This was my inspiration for this year's yearbook cover - all breeds of students blending into one another to become North Scott. Despite my being a senior, I have great expectations and hopes for

this school - as a place of learning, and as a place of acceptance and growth. May each of us become who we were meant to be, and show our shining colors without consequence.

My Best to All of You -

## Unstoppable Lancers compete in winter sports

By Ali Schmitt

Ever since Jordanne started skating at the age of 4 years, she had a passion for it. Since then, she has made major accomplishments throughout her career competing in figure skating.

Jordanne works very hard every day of the week to perfect her moves and jumps to prepare for her next competition. Jordanne's coach Gene Heffron tests her limits at practice every week. Jordanne spends about 4 days each week at the River's Edge in Davenport. Her practices usually last about 45 minutes to an hour. On the weekends she also spends extra time working at the skating rink teaching lessons.

Figure skating is not a cheap sport. Jordanne spends \$1,000 on a new pair of skates every year. The skate is a delicate shoe; they cannot be worn without blade. Skating outfits normally cost from \$300 to \$400.

Jordanne explained that skating is a lot harder than it appears. During her two minute routine she has to accomplish high risk jumps and spins in the air while making it look like she did it with ease. Not only is skating a very competitive sport, it can also be dangerous. Jordanne has fallen many times trying new jumps, but she doesn't let it get to her. She realizes all she can do is get up and keep going. The hardest move Jordanne is currently trying to perfect is her double axel.

Jordanne does not plan on furthering her ice skating career after high school. When she gets to college she wants to focus on her studies.

Adam Koski has been playing hockey since he was just seven years old. Hockey of course is not a sport that is offered at North Scott, so Koski plays for the Quad City Blues.

This season, Koski says that he and his team beat some of the best teams in the league, but sadly, came up short when it came to making the playoffs.

This year Koski was voted team captain and says it was one of his best years yet. Koski says that the best part about hockey in his opinion is his traveling around and going on road trips with the team.

One team in particular he enjoys playing because they are natural rivals. "Playing Waterloo because we don't like them and they don't like us. We always play our best when we play them because we really don't like them. Also their fans and our fans really get into the game and it's cool to be apart of," said Koski.

Koski practices up to 4-5 times a week either before or after school. Some practices can be as early as 6am and some can be as late as 10pm. Koski then plays all of his games on the weekends.

After high school, Koski does plan on attending a college that will allow him to continue playing hockey.

Sophomore Peyton Schneckloth placed first in the NASTAR skiing nationals. Because Peyton's ranking went up to first in the nation, she has a chance to ski with the USA team in Chile this summer.

While many families were away on vacation the Schneckloth family was in Aspen, Colorado watching their oldest child ski the day away.

Peyton has been skiing pretty much her entire life and to ski at nationals was something she always hoped she would do. She has qualified every year since she was eight, and this year her family was able to go.

The way nationals for skiing works is you have two races one day and two races the second day, then your best time from the first day and your best time from the second day are added together. If you have the best combined time in the end, you win your age group. Peyton won her age group with a combined time of 18.75 and the second place racers time was 19.585. On the third day all the winners from every age group get together for a "Race of Champions". Peyton ended up winning the Race of Champions with a final time of 32.51.

*North Scott High School's Art Club back and better than ever in the 2015 school year.*

North Scott had, at one point, a thriving artistic department; but slowly and surely, the passion students once had for creating and appreciating the visual arts dwindled to nearly nothing. For around ten years, North Scott High School was devoid of any artistically aimed clubs save for theatre. But thanks to the efforts of Morgan Carter, Kirsten Drinnon, and the rest of the board, our school's recently-started art club is beginning to thrive.

Art Club began as any other club might - the desire to commune with other like-minded high schoolers and share ideas. Since its humble beginnings last year, we have grown to help the community and have become closer in the process.

1. Kristen Drinnon (left), Morgan Carter (Right) and Rose Griffiths (front) pose dramatically for our NS Shield Photographer.
2. Amber Box takes a knife to an extremely spooky pumpkin in order to raise money for future club trips.
3. Sydney Moore enjoys a Krispy Kreme doughnut provided by a club member's parents.
4. On the first day of art club, students gather around and listen to the rules of a game. Students said their name and a little about themselves a before playing a remembering game.
5. Isabelle Yoke helps Chandler Lacina and Cameron Mess carve their very own pumpkin. In this photo, they are removing the insides to prepare for carving.
6. A sample of some of the pumpkins carved during the Halloween fundraiser in the fall.
7. Caleb Hahn looks out over the top of the art club's prize winning float alongside Mrs. Mess' son and Ryan Vanderve.
8. After the carving came to an end, staff members Cole Kelly, Morgan Carter, Caleb Hahn and Crystal DeWulf time to mess around.

## Our Esteemed Leaders

**President**  
**Morgan Carter**

The founder of the resurrected art club, Morgan Carter is the face of the entire operation. She is ready to have fun, but always prepared to be serious.

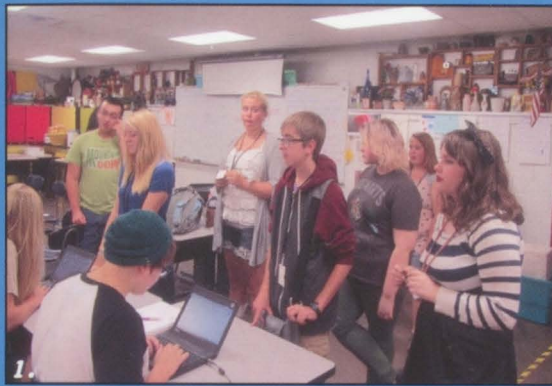

**Vice President**  
**Kristen Drinnon**

Kristen Drinnon is often the true brains behind the operation, keeping a cool head and making sure the group stays on track.

## Fight On, Fearless Leaders

4. Caleb Hahn, Ryan Vancleave, and Isabelle Yoke work for the pumpkin carving fundraiser to raise money for future art club trips. Ryan (left) climbed up onto the desk and Caleb began to scold him.

5. A full photograph of the North Scott Art Club's homecoming parade float. Students joined together for three Wednesdays out of a month to create various different creative letters to adorn the side of a hay rack.

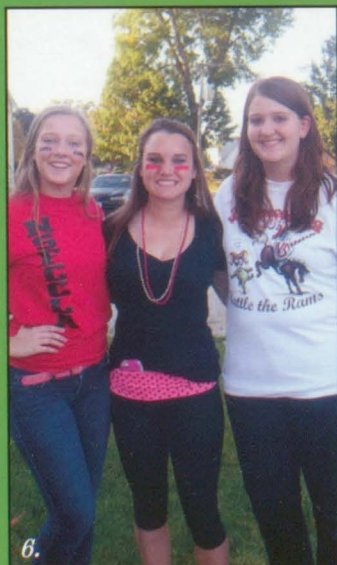

6. A photo of the various humongous art supplies that the Art Survey students created for the NSHS Art Club float. During the duration of the parade, two of these gigantic items were unfortunately lost; the eraser, which dropped off the side of the truck, and the black permanent marker, which was kept by a parade patron who had picked it up after it fell from a art club student's hands. The remaining pieces were kept as decoration for the art room or were sold at a silent auction to the highest bidder.
